

B6OMSI: A new and available O&M Evaluation Tool for Birth-6

September 12, 2019

Sophia Diaz MA, COMS
Loreta Martínez-Cargo MA, COMS, TVI/L

B6OMSI

- 2012-NMSBVI Birth to 3 Program was asked to create an evaluation tool similar to one that was created by Ron Later NMSBVI COMS for K-12.
- Need for evaluation tool that could provide consistency statewide in the area of O&M for the Birth-3 population.
- NMSBVI Birth-3 COMS team collaborated to produce the first evaluation tool.

COLLABORATION EFFORTS & SUCCESSES

- B6OMSI was created by the New Mexico School for the Blind and Visually Impaired Birth to 3 program!
- While presenting at the International Mobility Conference in Montreal, Dr. Dawn Anderson from Western Michigan University proposed a collaboration.
- B6OMSI was Selected by Western Michigan University for advanced research headed by Dr. Dawn Anderson.
- The Birth to 6 Orientation & Mobility Skills Inventory evaluation tool is NOW the only tool that is VALID and RELIABLE for children Birth-6 who are blind or visually impaired
- Continues to be a work in progress; Research Edition

HIGHLIGHTS OF THE B6OMSI

- Free
- Easy to use
- Excel Worksheet
- Quantifies data
- Can use data to set goals, objectives, determine needs and strengths, etc.
- Measures progress over time
- Ability to forward to the next COMS
- May be used for research

HIGHLIGHTS OF THE B6OMSI

- Supports transition
- Supports the Expanded Core Curriculum

B6OMSI

Evaluates the following areas:

- Orientation Skills
- Mobility Skills
- Concept Development
- Perceptual (Sensory Skills)
- Cane Skills
- Communication Skills

B6OMSI

- www.nmsbvi.k12.nm.us
- Go to *Birth to Three*
- Go to *O&M Inventory-B6OMSI-RE-(Research Edition)*

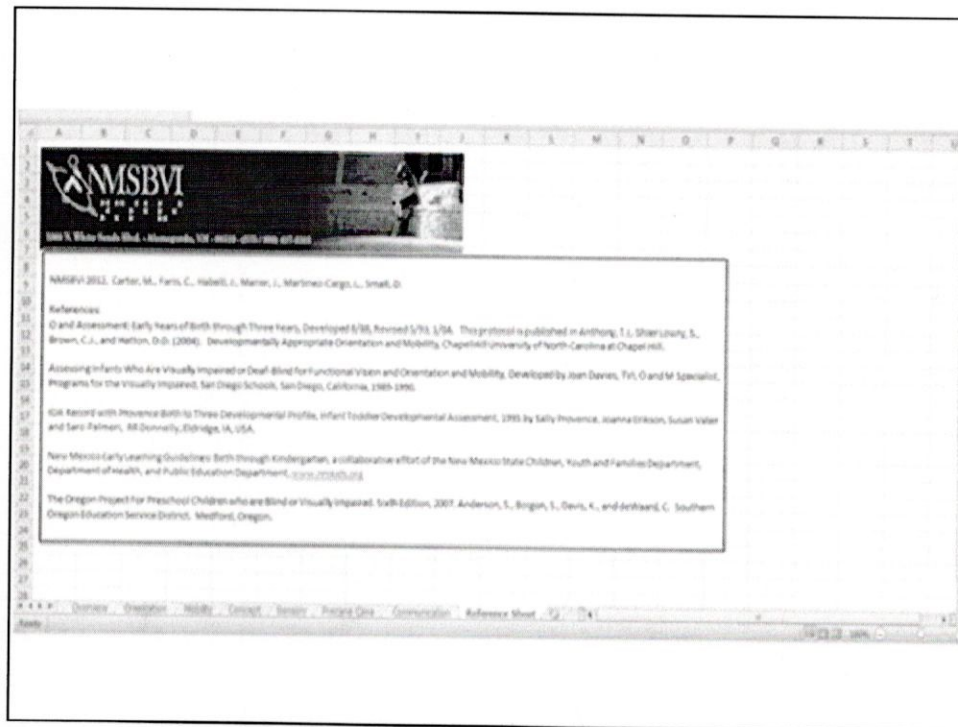

B6OMSI

- **9 Excel spreadsheets**

- 1. Background Sheet
- 2. Overview Scores Set
- 3. Instruction Sheet

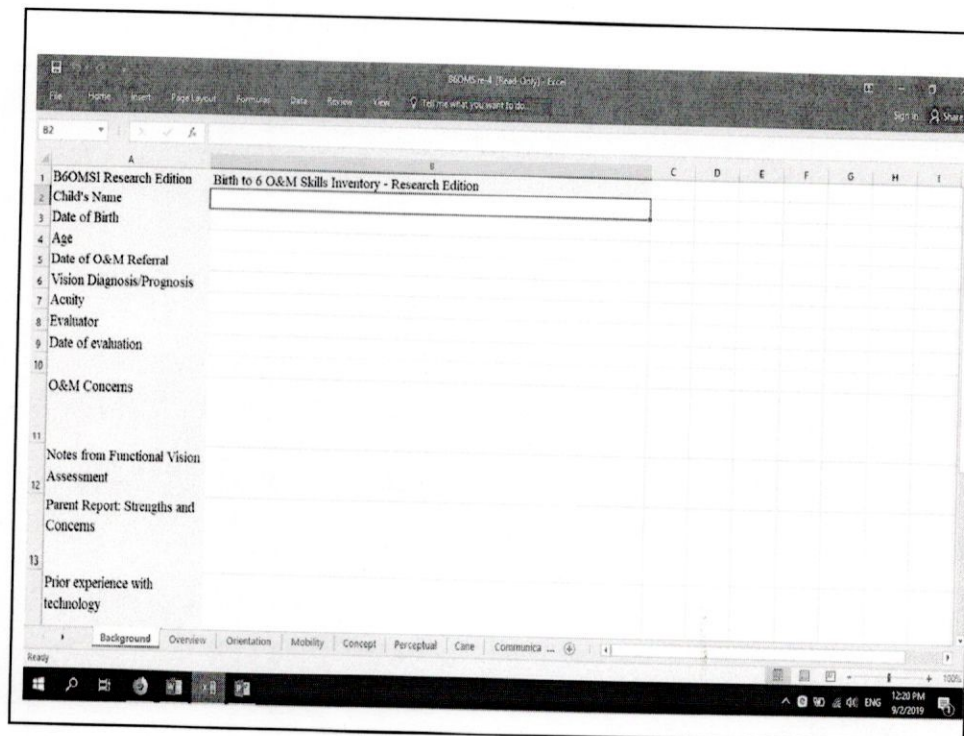

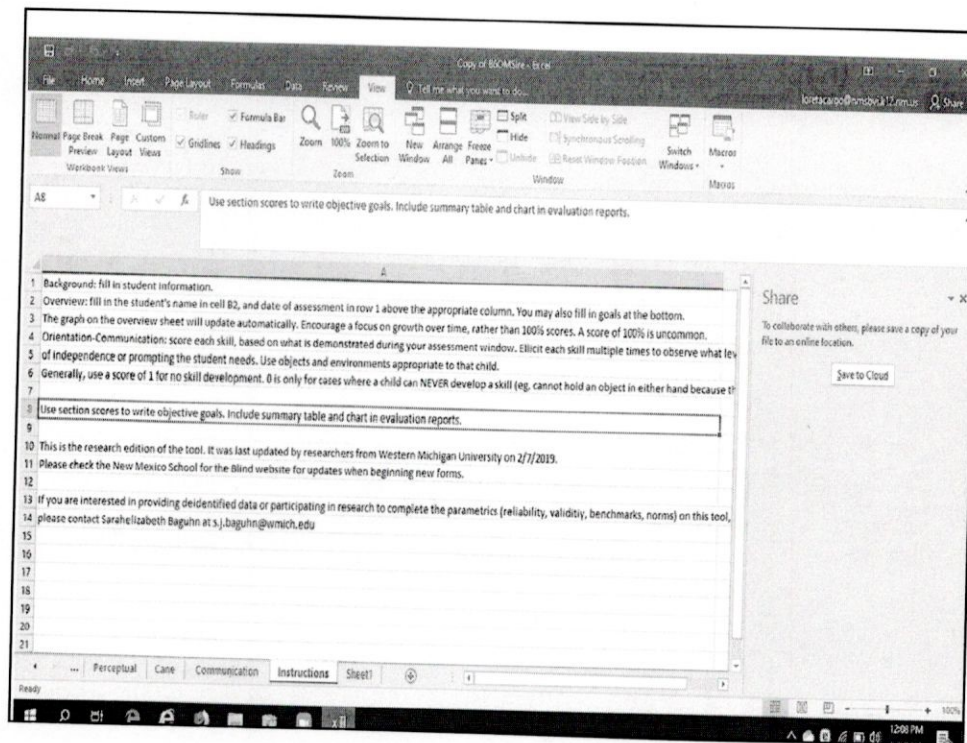

- **6 Domains:**

- 1. Orientation Skills
- 2. Mobility Skills
- 3. Concept Development
- 4. Perceptual Skills
- 5. Cane Skills
- 6. Communication Skills

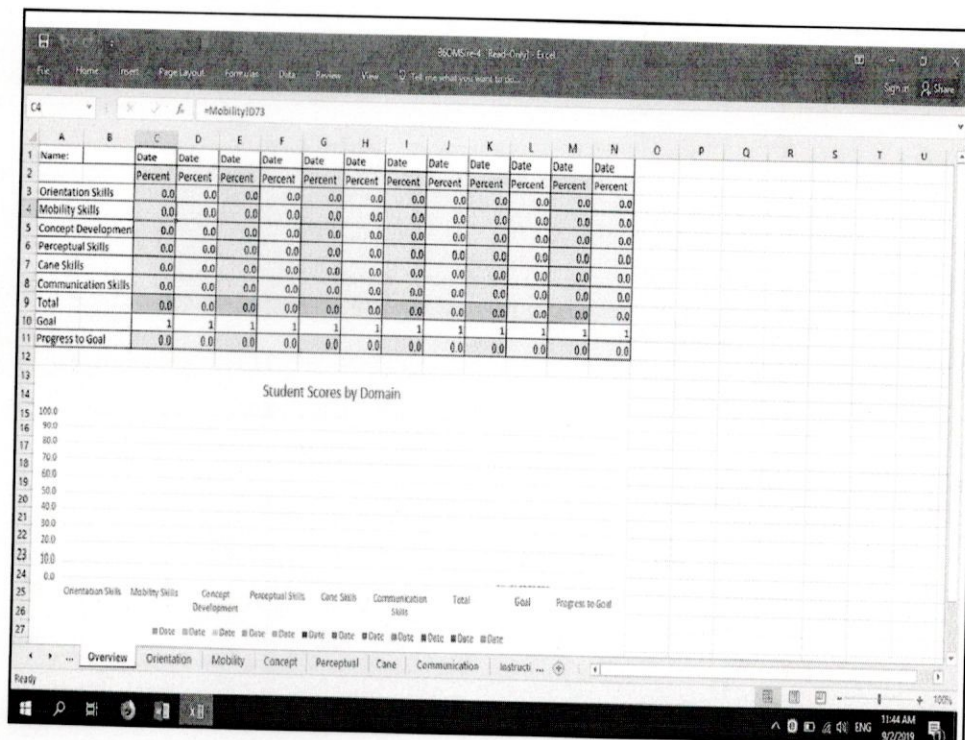

INSTRUCTIONS

- Opens up to this sheet (next slide).
- Gives instructions for each sheet.

B6OMSI-Overview

- Enter the student's name cell B2, it does not transfer over from the background page.
- Can be completed 12 times.
- Fill in the goal.
- Graph automatically updates.

16		f. Knows/travels through home																			
17		a. Use of Auditory Information for Orientation																			
18		a. Listens/responds to environmental sounds																			
19		b. Localizes a stationary sound																			
20		c. Moves toward a stationary sound																			
21		d. Tracks a moving sound																			
22		e. Demonstrates the ability to identify & label environmental sounds																			
23		f. Uses sound to orient to the environment																			
24		g. Travels in a straight line using sound																			
25		h. Recognizes presence of sound shadows and/or echoes																			
26		i. Detection of a wall																			
27		j. Detection of an opening in a wall																			
28		k. Auditory discrimination between environmental materials (windows, walls, drapes etc) when noise is generated from source																			
29		l. Auditory discrimination between environmental materials (windows, walls, drapes etc) from self generated sounds bouncing off of materials																			
30		4. Use of Landmarks																			
31		a. Identifies familiar landmarks in the home																			
32		b. Identifies familiar landmarks in community																			
33		c. Makes familiar turn or action at a landmark																			
34		5. Travel Routes
